MEMBERS OF THE COMMITTEE

Laurie C. Gregg, M.D., Chair
Cesar Aristeiguieta, M.D.
Stephen Corday, M.D.
Shelton Duruisseau, Ph.D.
Richard D. Fantozzi, M.D.
Janet Salomonson, M.D.

DIVERSION COMMITTEE**April 26, 2007**

Sacramento Convention Center
Room 307
1400 J Street
Sacramento, CA 95814

*Action may be taken on any item
listed on the agenda.*

AGENDA

11:00 a.m. – 12:00 a.m.
(or until the conclusion of business)

ALL TIMES ARE APPROXIMATE AND SUBJECT TO CHANGE

**If a quorum of the Board is present, members of the Board who are not members
of the Committee may attend only as observers.**

1. Call to Order
2. Approval of Minutes from the January 13, 2006 and February 2, 2007 Meeting
3. Diversion Program Update
 - A. Program Status
 - B. Quarterly Quality Review Report (New Format)
 - C. Collection System Manager's Report
 - D. Financial Status Report per SB 231 (Business & Professions Code 2343(b))
 - E. Status Report: Diversion Program Matrix Update
 - F. DEC Appointments
 - G. Status of Diversion Audit
4. Non-Statutory Diversion Advisory Council – Appointments

| |
|---|
| <p><i>The mission of the Medical Board of California is to protect healthcare consumers through the proper licensing and regulation of physicians and surgeons and certain allied healthcare professions and through the vigorous, objective enforcement of the Medical Practice Act.</i></p> |

Agenda Item 2**Diversion Committee**

**Medical Board of California
Greg Gorges Conference Room
1426 Howe Avenue
Sacramento, CA 95825**

January 13, 2006

Minutes**Agenda Item 1 Call to Order**

The Diversion Committee of the Medical Board of California (MBC) was called to order by Chair, Martin R. Greenberg, Ph.D. at 10 a.m. Notice had been sent to interested parties.

Members Present:

Martin R. Greenberg, Ph.D.
Shelton Duruisseau, M.D.
Laurie Gregg, M.D.
Cesar Aristeiguieta, M.D.
Richard Fantozzi, M.D.

Staff, Guests and Liaison Committee Members Present:

Frank Valine, Program Administrator
Fayne Boyd, Case Manager Supervisor
Susan Lancara, Collection System Manager
Dave Thornton, Executive Director
Lee T. Snook Jr, MD
William S Brostoff, MD
Philip Spiegel, MD
David Pating,,MD
Mickey Ask, MD
Shannon Chavez, MD
Sandra E. Bressler, California Medical Association
Julie D' Angelo Fellmeth, Center for Public Interest Law
Kerry Parker, CSAM

Agenda Item 2 Approval of the November 3, 2006

Dr. Greenberg made a motion to approve the minutes of the November 3, 2006 meeting. Dr. Aristeiguieta seconded the motion. Motion carried 5-0.

Agenda Item 3 Meeting Objectives and Guidelines.

Dr. Greenberg gave a brief description of the history of the Diversion Committee. He also reported that the Diversion Committee is taking ownership and responsibility of the Diversion Program. Dr. Greenberg stated that one of the objectives of this meeting is to educate the Diversion Committee about the Diversion Program and what it is and what it does..

Agenda Item 4 Diversion Program Overview

Mr. Valine introduced Fayne Boyd, Case Manager Supervisor, and Susan Lancara, Collection System Manager, and together they gave a PowerPoint presentation about the Diversion Program and its policies and procedures. Ms. Lancara gave an overview of the Random Drug Generator system, new collection requirements, and how the program handles the Urine testing..

Agenda Item 5 Enforcement Monitor's Recommendation Matrix

Mr. Valine went through each of the 14 issues that the Enforcement Monitor raised as concerns.

The Committee decided to start the Enforcement Monitor Matrix resolution with Issue 7, "Review and evaluate the role, purpose, and structure of the Liaison Committee".

Several members of the Liaison Committee were asked for their input. Dr Brostoff, Dr Ask, Dr Chavez, Dr Pating, Dr Snook , and Dr Spiegel gave input stating that they appreciate the Diversion Committee taking ownership of the Diversion Program. They asked that the Committee use the Liaison Committee expertise and clinical value and they make themselves available to provide any assistance.

These issues were continued to the next Liaison Committee meeting that will be attended by Dr Greenberg, Dave Thornton and Mr. Valine.

Issues 1 through 14 were discussed at length with input from the public and Diversion Committee members. The Diversion Committee, due to time constraints, continued the Enforcement Monitor's Matrix report until the next Medical Board Meeting.

Agenda Item 7 Public Comment

Julie D'Angelo Fellmeth ,Center for Public Interest Law, made several comments and gave prior history about her continued contact, since the early 1980s, as an interested party as well as the Enforcement

Monitor

Agenda Item 8 Adjournment

Dr. Greenberg adjourned the meeting at 4:05

February 1, 2007

Minutes

Agenda Item 1 Call to Order

The Diversion Committee of the Medical Board of California (MBC) was called to order by Chair, Laurie Gregg, M.D., at 3:05 p.m. Notice had been sent to interested parties.

Members Present:

Laurie Gregg, M.D.
Richard Fantozzi, M.D.
Cesar Aristeiguieta, M.D.
Stephen Corday, M.D.
Shelton Duruisseau, Ph.D.

Staff and Guests Present:

Frank Valine, Program Administrator
Dave Thornton, Executive Director
Kimberly Kirchmeyer, Deputy Director
Rhonda Baldo, Staff
Terri Dukes, Staff
Julie D' Angelo Fellmeth, Center for Public Interest Law
Sandra Bressler, California Medical Association

Agenda Item 2 Approval of the November 2, 2006 Minutes

It was M/S/C (5-0) to approve the minutes of the November 2, 2006.

Agenda Item 3 Diversion Program Update

Program Status

Mr. Valine provided an update of the Diversion Program. He stated there are two Case Manager Supervisors, one located in Northern California and one in Southern California, who supervises 6 case managers. The case managers' case loads are between 32 and 38 participants. Mr. Valine stated that both Case Manager Supervisors have a case load of their own between 5 and 9 participants.

Quarterly Quality Review Report

Mr. Valine reported that 18 physicians contacted the program during the second quarter. A total of 48 physicians contacted the program in fiscal year 2006/2007. Six of the 18 physicians were not practicing medicine at the time they contacted the program. Four physicians began the evaluation process for formal participation by completing their initial interview. Three physicians were ineligible for the program and 4 physicians were not interested after they did an intake interview. Six of the physicians were board referrals, and 12 were self referrals.

Mr. Valine reported on the program's response time from the time a physician contacts the program until seen by the DEC. He reported that the times may vary because it is not unusual for a physician to enter the program immediately, however it could be a delay in scheduling them for a DEC. Upon entering the program the physician is immediately put into the random drug generator (RDG), and within days they are attending group meetings, assigned to a case manager and begin testing.

Twenty physicians were released from the program this quarter, 11 were successful and 9 unsuccessful. Eight were board referrals and 12 were self referrals. Dr. Gregg request a column be added to the report to indicate whether or not unsuccessful releases were reported to enforcement.

Mr. Valine reported 4 physicians relapsed this quarter, 3 were board referrals, and 1 was a self referral. Each relapse case had a relapse narrative which indicated what happened to the physician and the method of detection of their relapse.

Collection System Manager's Report

Approximately 2,929 urines were collected this quarter of which 106 were positive. Of the 106 positives, 101 were either approved prescriptions or determined not to be a relapse, and 5 were deemed relapses. Negative dilutes tests were retested with no positives. Mr. Valine reported that a physician stops working whether or not it is a positive from an approved prescription or a deemed relapse.

Financial Status Report per 231 (Business & Professions Code 2343 (b))

Mr. Valine discussed the program's budget and accounted for all expenses and revenue for the quarter. Dr. Aristeiguieta asked if the unspent \$41,000 in the Diversion's budget would go back into the program. Kimberly Kirchmeyer reported that the money would revert back into the Board's fund.

Diversion Program Matrix Update

There was a brief discussion on scheduling a special committee meeting or an extended meeting to discuss the diversion audit and Enforcement Monitor recommendations.

Mr. Valine reported on the 15 Enforcement Monitor's recommendations. Dr. Gregg requested that Issue 12 (develop criteria/regulations for a competency exam requirement for the Diversion Program participants) be an agenda item for the next committee meeting. Mr. Valine requested that Issue 13 (to consider a policy for mandatory "practice cessation" upon entry into the Diversion Program) also be an agenda item.

DEC Appointments/Re-Appointments

Mr. Valine asked the committee to approve two new Diversion Evaluation Committee (DEC) Members, Blaine Z. Hibbard, M.D. and Richard Prather, M.D. It was M/S/C (Gregg/Aristeiguieta) (5-0) to approve the new DEC members.

Mr. Valine asked the committee to approve four DEC members for re-appointment, Richard D. Diamond, DDS, Morris Gelbart, Ph.D., James Massman, M.D., and William Russ, DDS. It was M/S/C (Gregg/Aristeiguieta) (5-0) to approve the DEC re-appointments.

Status of Diversion Audit

Mr. Valine reported on the status of the Diversion Program audit, indicating there appear to be no major problems with the program.

Agenda Item 4 Diversion Advisory Council

Dr. Gregg discussed the proposed Diversion Advisory Council (DAC). The DAC would have seven members with representatives from the following organizations: 2 DEC members, 2 California Society of Addiction Medicine members, 1 board member and an alternate, 1 CMA member and an alternate, and 1 California Psychiatric Association member and an alternate. If approved by the board, the DAC structure will be included in legislation sponsored by the Board.

The various organizations will be asked to submit nominations by April 1, 2007 and the DAC will be established at the April board meeting by the Diversion Committee. The DAC would make recommendations and provide clinical quality improvement advice on matters specified

Diversion Committee

Meeting Minutes of February 1, 2007

Page 4

by the board or the committee's of the board. The DAC would comply with the open meetings act and

meetings would be scheduled within 30 days after a board meeting. The chair, elected by the council or his or her designee, will report back to the board, or committee of the board, at the regular scheduled meetings. It M/S/C (Fantozzi/Duruisseau) (5-0) to approve the establishment of the DAC.

Agenda Item 5 Public Comment

None

Agenda Item 6 Agenda Items for the next Committee Meeting

- Issues 12 and 13 of the Enforcement Monitor's Matrix

Agenda Item 7 Adjournment

Dr. Gregg adjourned the meeting at 3:50 p.m.

State of California

Department of Consumer Affairs
Medical Board of California**MEMORANDUM****To:** Medical Board of California
Diversion Committee**Date:** April 11, 2007**From:** Frank L. Valine 
Diversion Program Administrator**Subject:** Quality Review Report – 3rd Quarter of FY 2006/2007

Attached are the quarterly reports of Quality Review issues requested by the Diversion Committee. They include a review of Intakes, Relapses and Releases during the period of January 1, 2007 through March 31, 2007.

INTAKES

A total of 20 physicians contacted the Program during the 3rd Quarter. The following charts reflect the outcomes of contact with these physicians as of March 31, 2007, as well as, other categories of information.

| Status at Intake | 3 rd Qtr | 1 st – 3 rd Qtr Total |
|-------------------------------------|---------------------|---|
| Active: | | 1 |
| Accepted; Waiting for Signature: | 1 | 4 |
| Intake Complete; Awaiting DEC: | 14 | 29 |
| Contacted Program/Telephone Intake: | 3 | 16 |
| Ineligible: | | 4 |
| Not interested in Program: | 1 | 10 |
| Terminated | 1 | 1 |
| Out-of-State: | | 1 |
| Total Contacts | 20 | 66 |

| Other information | 3 rd Qtr | 1 st – 3 rd Qtr Total |
|--|---------------------|---|
| <u>In Treatment</u> ; At intake: | 3 | 19 |
| Currently: | 8 | 17 |
| <u>Referral Type</u> ; Board Action: | 7 | 25 |
| Self-Referral: | 13 | 41 |
| <u>Impairment</u> ¹ ; Chemical: | 14 | 43 |
| Dual Disorder: | 6 | 17 |
| Mental Only: | | 6 |
| <u>Practicing</u> ; Yes: | 9 | 29 |
| No: | 11 | 37 |

¹ The determination of a participant's status as Chemically Dependent, Dual Disorder, or Mentally Ill frequently changes as additional information is gathered. Initially, the Program receives self-reported information during the intake process. Additional information, resulting in a change of status, may be received during either the evaluative or formal participation periods from evaluation reports and treatment records.

Table 1: Program Response Times

Table #1 shows the average response times for intakes (excluding physicians in treatment and those delayed in entry into the Program) during this period, as well as the Program's target timeframes, from the date the physician initially contacted the Program to the completion of the major steps of the evaluation process. These steps include the first face-to-face contact with Program staff; the intake interview; the initial urine test; and attendance at the first DEC meeting.

| | Process | Physicians | Average # of Days | Program Target | Time Periods | Physicians | Percentage |
|----------|--|-------------------|----------------------------------|---------------------------|---|-------------------|----------------------|
| A | <u>From initial contact to Intake Interview</u> (5 of the 20 intakes did not have an intake interview during this reporting period: 1:Terminated, 1:Not interested, 1:Entered treatment, 2:Entered Program at end of quarter (3/23 and 3/30).) | 15 | 9 | ASAP | 0-7 DAYS 8-14 DAYS 15-21 DAYS 22+ DAYS | 8 3 4 | 53 % 20 % 27 % |
| B | <u>From initial contact to 1st urine test</u> [3 of the 20 intakes did not have an initial UA during this reporting period: 2:In treatment at intake, 1:Entered Program at end of quarter (3/30); 1 entered treatment 1 day after contacting the program and was tested (44 days later) upon release.] | 16 | 5.5 | ASAP | 0-7 DAYS 8-14 DAYS 15-21 DAYS 22+ DAYS | 12 4 | 75 % 25 % |
| C | <u>From initial contact to attendance at 1st DEC Meeting</u> (No Enforcement Activity) 9 intakes completed and awaiting DEC | 1 | 22 | 90 | 0-60 DAYS 61-90 DAYS 91+ DAYS | 1 | 100 % |
| D | <u>From initial contact to attendance at 1st DEC Meeting</u> (With Enforcement Activity) 4 intakes completed and awaiting DEC | 0 | | | 0-60 DAYS 61-90 DAYS 91+ DAYS | | |

The data in A & B total intakes often misses program target because the process is delayed when the physician is in treatment and unavailable for an intake interview or UDS's.

The number of total intakes shown in C & D does not match the actual number of intakes during the reporting quarter because it takes 60-90 days to schedule the DEC meetings and this report does not include updates from the previous quarter.

Physician Diversion Program – Table 2 - Intake Cases (20)

3rd Qtr FY 2006/2007 January - March 2007

| CASE | Status as of March 31, 2007 | Enforcement Action | Contacted Program/ Telephone Intake | Intake Interview | 1 st UDS | DEC Meeting (Scheduled) | COMMENTS |
|------|---------------------------------|--------------------|-------------------------------------|------------------|---------------------|-------------------------|--|
| 2426 | Intake Complete; Awaiting DEC | No | 1/3/07 | 1/5/07 | 1/13/07 | | Currently practicing. Currently in treatment (since 2/5/07). Missed UDS on 1/7 due to illness. |
| 2427 | Intake Complete; Awaiting DEC | No | 1/8/07 | 1/10/07 | 1/13/07 | | Currently practicing. Currently in treatment (since 2/12/07). |
| 2428 | Terminated | Probation | 1/16/07 | N/A | 1/24/07 | | Currently practicing. Wouldn't follow treatment recommendation. Unexcused/Missed UDS on 1/18. |
| 2429 | Intake Complete; Awaiting DEC | Probation | 1/22/07 | 2/8/07 | 2/5/07 | | Currently practicing. Unexcused/Missed (out of town) UDS on 1/24 and 1/28. |
| 2430 | Not interested in Program | No | 1/23/07 | N/A | 1/31/07 | | Currently practicing. |
| 2431 | Intake Complete; Awaiting DEC | No | 1/25/07 | 1/26/07 | 3/10/07 | | Currently practicing (Resident). Entered treatment on 1/26/07. |
| 2432 | Intake Complete; Awaiting DEC | No | 1/30/07 | 2/6/07 | 2/6/07 | | Not currently practicing. Prior participant (6 months). Terminated 11/06. |
| 2433 | Accepted; waiting for signature | No | 1/31/07 | 2/21/07 | 2/2/07 | 3/14/07 | Not currently practicing. |
| 2434 | Intake Complete; Awaiting DEC | No | 2/2/07 | 2/6/07 | 2/8/07 | | Currently practicing. |
| 2435 | Intake Complete; Awaiting DEC | No | 2/15/07 | 2/20/07 | N/A | | Not currently practicing. Currently in treatment (at intake). |
| 2436 | Intake Complete; Awaiting DEC | Probation | 2/23/07 | 3/2/07 | 2/28/07 | | Not currently practicing. Currently in treatment (since 3/22/07). |

EVALUATION PERIOD: The period between the Participant signing the Interim Agreement and his or her appearance before the DEC is an evaluation period. During this initial assessment period, information from a variety of sources is gathered and reviewed as follows:

- Case Manager's Intake Interview
- Participation at Diversion Group meeting
- Evaluation by an addictionologist and/or a psychiatrist
- Treatment program records
- Lab testing results
- Worksite Monitor reports

INTAKES – Case Details

To: Frank Valine
Diversion Program Administrator

Date: April 11, 2007

From: Letitia Robinson 
Collection System Manager

Subject: Collection System Status Report for January – March 2007

Attached are the charts reporting the collective test results for UDS samples taken during the 3rd Quarter, January – March of FY 2006/2007.

The majority of positive results continue to be a result of approved prescriptions for Naltrexone taken by some participants, or medications prescribed for surgery. One participant still shows positive results on occasion as a result of sugar imbalances from his diabetes. There were five new participants who had initial positive tests and were sent to treatment.

Four participants with positive UDS samples were determined to have relapsed (one had self-reported): two were terminated from the program, and two were ordered inpatient treatment, as indicated on the quarterly report.

During this reporting period the “Turn Around Time” as reported by Quest lab:

| | <i>Date of collection to lab receipt</i> | <i>Lab receipt to results reported</i> | <i>Total Time</i> |
|-----------|--|--|-----------------------|
| Averages: | 4.2 | 2.4 | 6.5 |
| | days | days | days |

Agenda Item 3D

Date: April 10, 2007

To: Members, Diversion Committee
Division of Medical Quality
Medical Board of California

From: Frank Valine *Frank A. Valine*
Diversion Program Manager

Subject: Diversion Program Budget Report

Senate Bill 231 (Figueroa 2005) added Section 2343(b) to the Business and Professions Code. This section requires the Diversion Program Manager to... "account for all expenses and revenues of the Diversion Program and separately report this information to the board on a quarterly basis."

Attachment #1 details the Diversion Program (Program) final budget status for fiscal year (FY) 2005/2006.

Attachment #2 details the Program's budget for FY 2006/2007 including expenditures through June 30, 2006. The Program's budget for FY 2006/2007 is \$1,747,180. Expenditures from July 1, 2006 through February 28, 2007 are \$891,434. As requested by the Diversion Committee, this is 51% of the 2006/2007 FY Budget.

The Program's budget includes travel for Program staff to over 35 Diversion Evaluation Committee (DEC) meetings and four board meetings each year. The budget also includes travel and per diem expenses for DEC members.

Travel for staff and DEC members through March 2007 totaled: \$ 39,356.68

Per diem for DEC members from December 2006 through March 2007 totaled: \$ 12,000

Please let me know if you have any questions.

g/admin/diverprg.xls
3/26/2007

| Recommendation | Plan | Status | Due Date |
|---|---|---|-----------|
| Issue #1 | | | |
| Should Diversion Program participation be capped within a fixed budget as noted in the Enforcement Monitor's Recommendation #60: The Division of Medical Quality must determine whether Program participation should be an "entitlement" for any and all impaired California physicians, or whether its participation should be capped at a maximum that can meaningfully be monitored by the staff allocated to the Diversion Program. | To study and analyze the diversion programs in other states and make a recommendation to the Diversion Committee on the feasibility of this proposal. | At this time there are no concerns about excessive caseloads. Diversion Case Manager staff has been augmented to handle current workload and future increases to keep caseloads at a manageable level. | Ongoing |
| Issue #2 | | | |
| Should the Diversion Program charge participants who are practicing medicine participation fees to cover part of the overhead of the Program? | Revisit this issue in 2007 in the meantime the DPM will poll other states' diversion programs to determine if they charge a fee and how much, and if this has a negative affect on participation. | At this time there are no concerns since Diversion funding is adequate to cover staffing and programatic costs. The Committee may want to revisit the issue of participants paying a nominal fee for participation. | None |
| Issue #3 | | | |
| Review duty statements for appropriate designation of roles and responsibilities of the group facilitators. Are the group facilitators serving as therapists and if so, are they subject to the reporting laws and requirements? | To review and update the guidelines and Contract for Group Facilitators, outlining their responsibilities to the program. | The Group Facilitators met and agreed upon new Contract language and the guidelines that support the Contract. Present to the Diversion Committee. | Completed |
| Issue #4 | | | |
| Develop meaningful worksite monitor and hospital monitor standards, criteria and requirements. | Review current worksite/hospital monitor responsibilities and develop updated criteria and requirements; develop training for case managers in this area. | Draft document was approved by the Diversion Committee July 27, 2006. | Completed |

| Recommendation | Plan | Status | Due Date |
|--|---|--|----------|
| Issue #5 | | | |
| Consider the establishment of consistent criteria for termination from the Diversion Program. | Review criteria and make recommendations for amending CCR, Section 1357.5 - Causes for Termination from the Program - for more specific language on the subject. | This issue may be reviewed by the Diversion Advisory Council with recommendations being made to the Diversion Committee | Apr-07 |
| Issue #6 | | | |
| Consider the establishment of a mechanism for termination and revocation of license for continuously repeating participants. i.e. Use of Penal code, Section 1000 type of mechanism, where a repeating participant might sign a stipulated surrender of the license so that upon non-compliance the document is used for termination and revocation of license or develop standards for filing a petition to revoke probation and the license of a Board-ordered participant after "X" number of relapses. | Review criteria and make recommendations for amending CCR, Section 1357.5 - Causes for Termination from the Program - for more specific language on the subject. Also, review CCR, Section 1357.1 -Criteria for Admission, and possible regulation changes. | This issue may be reviewed by the Diversion Advisory Council with recommendations being made to the Diversion Committee | Apr-07 |
| Issue #7 | | | |
| Review and evaluate the role, purpose, and structure of the Liaison Committee | Liaison Committee as it has existed since 1982 was abolished by the Committee/DMQ in Feb-06. A Diversion Advisory Council was approved at the Nov-06. A work group will meet Jan 22, 2007 to establish language and make-up of the membership. | Diversion Advisory Council structure and membership approved by DMQ at Feb 07 DMQ Meeting. Council Members to be appointed at Apr 07 DMQ Meeting | Apr-07 |
| Issue #8 | | | |
| Review the DEC Relapse Referral Matrix for update and adoption as policy to guide the DEC's. | Discussion with DEC members and Group Facilitators/Casemanagers to restructure the Relapse Matrix was held. More discussion will be held at the next DEC annual meeting to finalize the Matrix. | Under review by the DEC work group. | None |
| Issue #9 | | | |
| Develop greater level of reporting communication between Diversion and Enforcement regarding Board-ordered and/or Board-referred participants in lieu of enforcement. | All Case Managers were moved to Enforcement field offices. Diversion Program Manager meets regularly with Enforcement Managers on matters of mutual concern. | Ongoing | Ongoing |

| | | | |
|--|--|--|---------|
| Issue #10 | | | |
| Update the Quarterly Quality Review reporting form to obtain the most important information required by the Committee for oversight purposes. i.e. Expand information on relapses, releases, include information on the number of urine collections and the number of monthly reports filed by the collectors. | To seek input from the Committee on what information should be included on the report that will assist them in their oversight responsibilities; revise the report format; expand on the data for relapses and releases. | A new format is underway-using suggestion from the Diversion Committee. | Apr-07 |
| Issue #11 | | | |
| Develop criteria/regulations for "evaluating physicians" who perform initial "multidisciplinary physical/mental examinations" on participants as they enter the Program. | Proposed standards were sent to various organizations and individuals. Responses were received and suggestions were incorporated into the suggested standards for Evaluators. | Proposed Criteria/Standards for Diversion Participant Evaluators were approved Nov-06. | None |
| Issue #12 | | | |
| Develop criteria/regulations for a competency exam requirement for Diversion Program participants. | There are currently no Regulations established, but B & P 2350 (3) gives the DEC the authority to order a participant to be examined to determine competency. | There will be a Memorandum submitted to the Diversion Committee at the Apr-07 Meeting | Apr-07 |
| Issue #13 | | | |
| Consider a policy for mandatory "practice cessation" upon entry into the Diversion Program. | Continue the current "Policy" of case by case review by the DEC. Most physicians entering the program are sent to 120 days inpatient treatment. Once treatment is completed the participant cannot return to work without the permission of the DEC. | Issue to revisited in the future as needed. | None |
| Issue #14 | | | |
| Consider if the Diversion Program is equipped to handle singly-diagnosed mentally ill physicians. | Continue the current "Policy" of case by case review by the Diversion Evaluation Committee (DEC) Provide ongoing training. | Ongoing | Ongoing |
| Issue # 15 | | | |
| Develop and Update Policy and Procedure Manual | The manual has been up-dated with several additions. The manual had been edited and awaits approval from the Legal Department. | Awaiting approval of Legal Council. | |

www.mbc.ca.gov*Agenda Item 3F***PROPOSED DIVERSION EVALUATION COMMITTEE MEMBERS****April 2007****Candidate 1 Steven Oppenheim, M.D.**

Dr. Oppenheim is currently certified as an HIV Medicine and Hospice and Palliative Care Physician. He is currently employed at the University of California, San Diego School of Medicine as an Associate Clinical Professor. He has served as a medical review officer for 12 years and has been on the Well Being Committee for over five years. He has also been involved in the recovery community for 20 years. He successfully completed the Medical Board of California Diversion Program in 1991.

San Diego Hospice
& Palliative Care

November 1, 2006

Caring for Our Community
Since 1977

Frank Valine
Program Manager Diversion Program
Medical Board of California
1420 Howe Ave #14
Sacramento CA 95825

Dear Mr. Valine,

I am writing you to express my interest in serving on the Diversion Evaluation Committee based on my having been nominated by Duane Rogers Psy.D, MFT. I am honored to be asked to serve and see this as an opportunity to give back to the Program, from which I graduated in 1991. I have been clean and sober since August 5, 1987 and continue to attend 12-step meetings regularly.

I am a board certified Internist with subspecialty certification in HIV Medicine and Hospice and Palliative Medicine. I hold an appointment at the UCSD School of Medicine as an Associate Clinical Professor. I am employed full time by San Diego Hospice and Palliative Care where I see hospice patients, lead interdisciplinary teams, teach extensively, and care for people with HIV disease through my volunteer position at the UCSD Owen Clinic. I also used to serve as a medical Review Officer for 12 years when I interpreted urine toxicology results with patient interviews for a company consulting with the Department of Transportation. While I have no formal training in addictionology I manage many patients with both substance abuse problems and pain for their pain.

I have a strong belief that the Physicians Diversion Program can be an important cornerstone to a physician's recovery from substance abuse and other psychiatric illness. It would be proud to serve, if selected, as a member of the DEC in San Diego.

Sincerely,

Steven Oppenheim, MD
Clinical Medical Director, San Diego Hospice and Palliative Care
Associate Clinical Professor of Medicine, UCSD

Ecc: Duane Rogers

***Medical Board of California
Diversion Advisory Council
(California Medical Association)
Nominee***

California Medical Association

Physicians dedicated to the health of Californians

April 2, 2006

Dave Thornton
Executive Director
Medical Board of California
1426 Howe Avenue, Suite 54
Sacramento, CA 95825

Dear Dave:

I am writing on behalf of the California Medical Association to submit a nomination for the CMA designated representative to the new Medical Board Diversion Advisory Council.

We wish to nominate Lee Snook, MD. Dr. Snook is board certified in anesthesiology, internal medicine, pain medicine and holds a certification in Addiction Medicine from the American Society of Addiction Medicine. He holds a license to practice medicine in California and Wisconsin. He currently practices as Metropolitan Pain Management Consultants, Inc. in Sacramento. Dr. Snook's contact information is:

2288 Auburn Blvd., Suite 106,
Sacramento, CA 95821
lsnook@mpmc.com

As agreed, we also wish to nominate an alternate to attend the meetings at CMA expense who will serve on the committee in the event that Dr. Snook is unable to attend. That physician is Barry Rosen, MD, an internist certified in addiction medicine by the American Society of Addiction Medicine. He is presently works in various capacities on the San Francisco Peninsula, including as Medical Director of The Sequoia Center, an adult alcohol and drug treatment center; founding partner of The Behavioral Medicine Clinic of the Peninsula, a multi-specialty practice dealing with addiction, chronic pain and psychiatric disorders; Director of the Pain Clinic, at the San Mateo Medical Center; and Director of Clerkships in Chemical Dependency for Stanford University Medical Students at the Sequoia Center. He coordinates the addiction rotation for psychiatric residents from San Mateo County General Hospital, and also has a private practice offering consultations in addiction medicine, recovery and ongoing recovery oriented therapy. Although he will not be the primary CMA representative, I wanted to let you know of his role. If he can be notified of the council meetings as you would notify me, we would appreciate it. ***Medical Board of California
Diversion Advisory Council
(California Medical Association)
Nominee***

California Medical Association

Physicians dedicated to the health of Californians

April 2, 2006

Dave Thornton
Executive Director
Medical Board of California
1426 Howe Avenue, Suite 54
Sacramento, CA 95825

Dear Dave:

I am writing on behalf of the California Medical Association to submit a nomination for the CMA designated representative to the new Medical Board Diversion Advisory Council.

We wish to nominate Lee Snook, MD. Dr. Snook is board certified in anesthesiology, internal medicine, pain medicine and holds a certification in Addiction Medicine from the American Society of Addiction Medicine. He holds a license to practice medicine in California and Wisconsin. He currently practices as Metropolitan Pain Management Consultants, Inc. in Sacramento. Dr. Snook's contact information is:

2288 Auburn Blvd., Suite 106,
Sacramento, CA 95821
lsnook@mpinc.com

As agreed, we also wish to nominate an alternate to attend the meetings at CMA expense who will serve on the committee in the event that Dr. Snook is unable to attend. That physician is Barry Rosen, MD, an internist certified in addiction medicine by the American Society of Addiction Medicine. He is presently works in various capacities on the San Francisco Peninsula, including as Medical Director of The Sequoia Center, an adult alcohol and drug treatment center; founding partner of The Behavioral Medicine Clinic of the Peninsula, a multi-specialty practice dealing with addiction, chronic pain and psychiatric disorders; Director of the Pain Clinic, at the San Mateo Medical Center; and Director of Clerkships in Chemical Dependency for Stanford University Medical Students at the Sequoia Center. He coordinates the addiction rotation for psychiatric residents from San Mateo County General Hospital, and also has a private practice offering consultations in addiction medicine, recovery and ongoing recovery oriented therapy. Although he will not be the primary CMA representative, I wanted to let you know of his role. If he can be notified of the council meetings as you would notify me, we would appreciate it. His contact information is:

March 20, 2007

Mr. Dave Thornton
Executive Director
Medical Board of California (MBC)
1420 Howe Avenue, Suite 14
Sacramento, CA 95825

Dear Dave,

I am writing on behalf of the California Society of Addiction Medicine (CSAM) to formally submit nominations for the two CSAM-designated seats on the new Quality Advisory Council to the Physician Diversion Program.

CSAM nominates:

David Pating, MD, Chief of Addiction Medicine, Kaiser Permanente San Francisco Medical Center, Chemical Dependency Recovery Program (david.pating@kp.org)

Stephanie Shaner, MD, Chief of Addiction Medicine, LAMC, Southern California Kaiser Permanente Medical Group (stephanie.shaner@kp.org)

Additionally, while we understand that the two Diversion Evaluation Committee Chair seats are not nominated by CSAM, we wish to express our support for the consideration of two CSAM members who currently serve as DEC Chairs: Mihran Ask, MD and Michael Parr, MD

Sincerely,

A handwritten signature in black ink, appearing to read "Kerry Parker". The signature is fluid and cursive.

California Society of Addiction Medicine

575 Market Street, Suite 2125 — San Francisco, CA 94105 — 415/927-5730 — Fax 415/927-5731

A specialty society of physicians founded in 1973. Since 1989, a State Chapter of the American Society of Addiction Medicine

March 20, 2007

Mr. Dave Thornton
Executive Director
Medical Board of California (MBC)
1420 Howe Avenue, Suite 14
Sacramento, CA 95825

Dear Dave,

I am writing on behalf of the California Society of Addiction Medicine (CSAM) to formally submit nominations for the two CSAM-designated seats on the new Quality Advisory Council to the Physician Diversion Program.

CSAM nominates:

David Pating, MD, Chief of Addiction Medicine, Kaiser Permanente San Francisco Medical Center, Chemical Dependency Recovery Program (david.pating@kp.org)

Stephanie Shaner, MD, Physician-in-charge, Addiction Medicine, Southern California Kaiser Permanente Medical Group (stephanie.shaner@kp.org)

Additionally, while we understand that the two Diversion Evaluation Committee Chair seats are not nominated by CSAM, we wish to express our support for the consideration of two CSAM members who currently serve as DEC Chairs: Mihran Ask, MD and Michael Parr, MD

Sincerely,

A handwritten signature in black ink, appearing to read 'Kerry Parker', written in a cursive style.

Kerry Parker, CAE
Executive Director

Cc: CSAM Executive Council

STEPHANIE SHANER, M.D.
